

MATH 13200 SECTION 46 SYLLABUS

Class Times and Location: MWF 11:30am - 12:20pm in HM 140

Instructor: Reid Harris

Office: E 016 (in the basement of Eckhart)

Email: reidh@math.uchicago.edu

Office Hours: TBD

Course Website: math.uchicago.edu/~reidh/Math13200

Textbook: *Calculus* by Varberg, Purcell, Rigdon, 9th Edition

Tutors: Ben Lowe, Oliver Xie, Peter Robicheaux

Tutorial Sessions: TR 12:00pm-1:20pm in various locations.

Homework: Homework will be assigned after every lecture and is due at the beginning of your next tutorial session. Late homework will not be accepted. You may work on homework together, but solutions must be written up independently. The lowest 2 homework grades will be dropped (these are in case of illness, so plan wisely). You will be able to find the assigned homework at the following link:

math.uchicago.edu/~reidh/Math13200/Homework.

Tests: There will be 3 in-class midterms and a final exam. A 10 to 15-minute quiz will be given every Thursday (excluding the first week) at the beginning of the tutorial session. The lowest quiz grade will be dropped. There will be no make-up quizzes with the exception of extreme circumstances.

Letter Grade Breakdown: Grades will only be curved upwards. You will be guaranteed at least an

- A- if you make at least a 90% or higher final average,
- B- if you make at least a 80% or higher final average,
- C- if you make at least a 70% or higher final average,
- D if you make at least a 60% or higher final average.

Disclaimer: This is not a guarantee that I will implement a curve. Your final grades will only be adjusted after the final exam has been graded. Individual quiz and exam grades will not be curved, however these grades may be adjusted at my discretion if I see that they are needed.

Grade Weights: Grades will be weighted as follows.

Midterms: 15% each

Final Exam: 30%

Quizzes: 15%

Homework: 10%

Tentative Midterm Dates:

- Friday, Jan. 20 (Week 3)
- Wednesday, Feb. 8 (Week 6)
- Friday, March 3 (Week 9)

The final exam will be **Friday, March 17, 10:30a - 12:30p** in the same classroom as lectures are given.

Other important dates:

Monday, Jan. 16: Martin Luther King, Jr. Day

Friday, February 10: College Break

Thursday-Friday, March 9-10: Reading Period

Saturday, March 18: End of Quarter

IMPORTANT: It is the policy of the Department of Mathematics that the following rules apply to final exams in all undergraduate mathematics courses:

- (1) The final exam must occur at the time and place designated on the College Final Exam Schedule. In particular, no final examinations may be given during the tenth week of the quarter except in the case of graduating seniors.
- (2) Any student who wishes to depart from the scheduled final exam time for the course must receive permission from Robert Fefferman. Instructors are not permitted to excuse students from the scheduled time of the final exam except in the case of an Incomplete.
